

1. PUPPET HEAD PATTERN

DIRECTIONS

1. Cut out the pattern above. On the back side of a piece of fleece, trace out the pattern, then flip the pattern over and trace it out again. These two pieces will form the head.
2. Sew the parts marked "dart" together. Next, sew the head pieces together, but DO NOT sew the lines marked "mouth" or "neck."
3. Go on to the next page, marked "body."
